

**GUTTERMONSTER™**  
the Gutter Protection System  
with **MONSTERHOLD™**

# LIFETIME LIMITED WARRANTY

**Extended to the original homeowner or purchaser of the GUTTERMONSTER™ Gutter Protection System.**

## **LIFETIME MATERIALS WARRANTY**

GUTTERMONSTER LLC warrants that its premium gutter protection system will be free from material and manufacturing defects, under normal use and maintenance, for as long as you reside in the building or structure of the original installation. If the gutter protection system covered by this warranty is defective, GUTTERMONSTER LLC will repair or replace the defective part(s). GUTTERMONSTER LLC will provide the repair or replacement part(s) free of charge; except otherwise provided herein.

## **30-YEAR PAINT PERFORMANCE**

GUTTERMONSTER LLC warrants that GUTTERMONSTER Top Caps and End Caps with the Kynar® 500 matte paint finish will not crack, rust, peel or blister for 30 years from the date of installation.

## **LIFETIME PERFORMANCE WARRANTY**

GUTTERMONSTER LLC warrants that its premium gutter protection system will keep gutters free-flowing, subject to the exceptions, limitations, and other terms and conditions found in these warranties. When correctly installed, GUTTERMONSTER products are specifically designed to transport water into the gutter system, while keeping gutter-clogging debris out.

## **LIMITATIONS**

This warranty only covers defects in manufacturing or materials specified herein. This warranty does not cover any damage to the system caused by the owner's(\*) home or any damage caused by events beyond the control of GUTTERMONSTER LLC, including but not limited to; fire, flood, lightning, vandalism, misuse, abuse, chemical pollutants, earthquakes, excessively high winds, windblown objects, hail damage, tree damage, ice damage, insect or animal infestations, mold or other biological infestation, failure of the underlying structure of the home or of any existing gutters on the home, or other Acts of God. Modifying, tampering or painting an installed GUTTERMONSTER system by any unauthorized person will void these warranties.

## **INITIAL 30-DAY WEATHERING PERIOD**

Testing the GUTTERMONSTER system with a garden hose will not replicate an actual rain storm. The Kynar® 500 finish on your GUTTERMONSTER Top Cap needs to be outside on your gutter to weather for a period of no less than 30 days after installation. This establishes a change in the surface of the finish so that water will adhere as designed.

**Please see the Care and Maintenance sheet for information regarding pine needles and helicopter seeds.**

**THE MOST INTEGRATED GUTTER PROTECTION SYSTEM AVAILABLE!™**
